Important visa information regarding condition 8501.

You can use this letter as part of your Australian visa application to confirm that you've arranged health cover that meets visa condition 8501 (which requires all visa holders and accompanying family members to maintain adequate health insurance during their stay in Australia).

Please keep in mind we'll have to let the Department know if you cancel or fail to renew your health cover, or if it's terminated. It's important to know that if you don't comply with a condition of your visa, it may result in your visa being cancelled, or future applications being rejected.

Changes to your visa status.

If at any time you gain access to full Medicare entitlements, or your visa status changes (for example, if you're granted permanent residency), this cover may no longer be suitable. Please contact us if your circumstances change.
